<sup>1</sup>The amount saved in taxes will vary depending on the amount set aside in the account, annual earnings, whether or not Social Security taxes are paid, the number of exemptions and deductions claimed, tax bracket and state and local tax regulations. Check with a tax advisor for information on whether your participation will affect tax savings. None of the information provided should be considered tax or legal advice.

## Which expenses are eligible?

To qualify, expenses must be incurred by the employee (not a spouse or dependent) and must cover the cost of parking or transit associated with the employee's commute.<sup>2</sup>

Funds for parking and transit are kept separate. You can set up accounts for each one, but funds cannot be transferred from one to the other.

<sup>2</sup>The list of eligible expenses are set by federal regulations and are subject to change. Contact your Plan Administrator for more information or visit [www.irs.gov](http://www.irs.gov) for details.

Decide if you are going to enroll in a Transit Account, a Parking Account, or both. Please keep in mind that, once you elect to set aside funds in either of these accounts, you cannot transfer funds from one account to the other. Choose your contribution amount when you enroll.

## How to use Commuter Benefits

### Before enrolling

Before enrolling, take time to accurately estimate your upcoming expenses. You can enroll in just a Transit Account, just a Parking Account, or both. Use that estimate to identify a contribution amount that will be deducted from your paycheck and deposited into your Commuter Benefits Account(s). This amount cannot exceed the IRS maximums.

### During the plan year

During the plan year, you will be able to quickly and easily make payments for eligible expenses using pre-tax dollars.

You'll fund the account with equal, tax-free deductions, according to your employer's payroll deduction schedule. The funds will be available for you to spend as they are deducted.

You must use your Voya debit card for Transit expenses. For Parking, you can use the card, or use your own funds and submit for reimbursement. You need to file claims within 180-days of incurring the parking expense. Be sure to stay current on your claims filing.

### Periodically review your account(s)

Use the mobile app or online portal to monitor your account and make sure your balance isn't building up too much. You can change your election amount for the first of any month, subject to your employer's payroll deadlines. Funds will roll over month to month and year to year, but unspent funds are forfeited upon termination.
